Kay K. Hale, Librarian
Rosenstiel School of Marine
and Atmospheric Science
University of Miami
4600 Rickenbacker Cswy.
Miami, Florida 33149
U.S.A.
(305) 361-4021

FROM THE PRESIDENT

Plans for the fall conference are well underway. Both Mary Jane Beardsley, Program Convenor, and Susan Barrick and Janice Meadows, local arrangements committee, have spent many hours in preparation for the 1985 conference. You will note from the call for papers that we will be looking at information and its dissemination from the international perspective. Much thought has been put into this program already and it will develop into an extremely timely conference. There is no way to indicate the amount of time and effort already spent by the local arrangements committee. They are doing an excellent job and we will reap the benefits at the conference in October.

(continued on page 2)

.... continued from page 1 (FROM THE PRESIDENT)

Janice Meadows has already mailed to participants the 'MUSSEL', a union list of serials in marine science libraries, for evaluation. The final copy will be available from the VIMS Sea Grant Program. We have been working on this project for a number of years and are very pleased to have this tool available, not only to our membership, but to all libraries.

Betty Sutherland, our membership chairman, will be returning to work in May and the membership directory will go to press about that same time. Betty hopes to have that behind her prior to returning to work. Again this year, the membership list will contain current members only. Special thanks to Norman Howden for carrying out the duties of the membership chairman during Betty's absence. Norman has kindly agreed to head up a membership drive. If you know of any person, institution or geographical area which should hear about IAMS LIC, please send the information to Norman.

HAVE A LOVELY AND PRODUCTIVE SPRING. RUTH GRUNDY

*** BYLAWS CHANGE ***

The membership recently voted to change Article VI, Section 4 of the Bylaws (69 in favor, 2 against). This change refers to the disbursement of travel funds. Refer to the last newsletter (no. 18, December 1984), page 5 for the exact wording of the amended section.

Thank you for returning your ballots so promptly.

*** NEWS FROM LOUISIANA ***

Mary Katherine Politz (Louisiana Marine Consortium Librarian) will be hosting the Louisiana Chapter of the Special Libraries Association on April 20. Visitors will see the new facilities under construction and enjoy crawfish and beer.

BITnet address for the Coastal Information Repository is NSNCC.LUMLIB and they will be happy to correspond.

*** PROCEEDINGS REPORT ***

"THE YEAR OF THE OCEANS", proceedings of the tenth annual meeting of IAMS LIC will be mailed around the first of May. Copies will be available for those who were not at the conference at a cost of US\$ 12.50 per copy. Please make checks payable to IAMS LIC. Conference attendees will receive a copy as part of their registration fee. We will be preparing a proceedings annually. By doing this, persons who are unable to attend will be able to benefit from the exchange of information. You may order your copy from:

Ruth Grundy
University of Texas at Austin
Marine Science Institute
Port Aransas, Texas 78373-1267 USA

iamslic '85

The 1985 IAMS LIC Conference begins October 14th with a reception at the Holiday Inn 1776 in Williamsburg, Virginia. The next four days will offer the answers to your questions, the questions to your answers, opportunities to catch up with old friends and to get acquainted with new colleagues. We will feast on the bounty of the Chesapeake Bay, tour the renowned Mariners Museum, and enjoy the ambience of a colonial tavern.

The theme for the 1985 conference is 'MARINE SCIENCE INFORMATION: AN INTERNATIONAL COMMODITY'. In her Call for Papers, conference convenor Mary Jane Beardsley elaborates:

"Shared ocean space creates a need for shared information. Despite what we would like to believe, marine science information generation, collection and dissemination has a price. How have we cooperated with others to maximize the usefulness of information resources? Are the benefits of this cooperation worth the cost? The scope of this theme ranges from participation in international programs such as ASFIS to individual publications exchange agreements and from 'pen pal' relationships to job exchange agreements." (Other topics will be included as well).

We will meet at the Holiday Inn 1776 in Williamsburg and at Virginia Institute of Marine Science (VIMS) in Gloucester Point on the York River. Rooms are reserved at the Holiday Inn for a conference rate of \$36 single / \$42 double. The motel is in walking distance of restaurants, shops and Colonial Williamsburg; taxis and rental cars are also available. Busses will carry us from the motel to VIMS and to a cocktail party and tour of the Mariners Museum in Newport News. The registration fee is \$130 for members / \$165 for nonmembers; one day registration is \$75 members / \$85 nonmembers. Spouses and guests are invited to join us for the evening meals and social events for \$50. October is a lovely time to see Virginia; often the weather is clear and cool and by mid-month the leaves should be turning.

If you have not received a CALL FOR PAPERS AND REGISTRATION FORM by April 22, contact Janice Meadows at (804) 642-7115 (VIMS Library) or write to IAMS LIC, VIMS LIBRARY, GLOUCESTER POINT, VA 23062, USA.

From the Conference Hosts:

Dear Member:

IAMS LIC Nominating Committee announces the following positions opened for nominations:

PRESIDENT-ELECT - this is a three year commitment - one year as Vice-President / Program Convenor, one year as President and one year as Past President / Bylaws Chairman.

SECRETARY - this is a two year term.

We need to encourage International members to consider running for office with the following factors in mind:

1. that their Institution support their phone calls and mailing expenses.
2. that they are able to interact / meet with the rest of the officers.

Nominations for the positions may be made by phone or letter. If you are interested in running for office (volunteer candidates / nominees), please write a letter of nomination acceptance with a brief resume, not exceeding one page, to Sharon Thomson, Frances Swim or Josie York.

Previous nominees not elected and willing to run for office again can be resubmitted for candidacy.

Sharon Thomson	Frances Swim
Institute of Ocean Science	NOAA
P.O. Box 6000	Central Library & Information
Sidney, British Columbia	Services Building
CANADA V8L 4B2	6001 Executive Blvd.
(604) 656-8392	Rockville, MD 20852 USA
	(303) 443-8287

Josie York
Institute for Geophysics
University of Texas
4920 North Ih-35
Austin, Texas 78751 USA
(512) 451-6468

According to IAMS LIC bylaws, only members have the right to vote and run for office. Therefore, please renew your membership if you have not done so.

Your cooperation and expertise are solicited to keep this great association going.

Nominating Committee

PUBLICATIONS CONTROL SURVEY

We are soliciting your cooperation with a short survey intended to assess publication control procedures among IAMS LIC member institutions. Please take a few minutes to fill out and return this survey. Any light that you can shed on why procedures work in a certain way would be helpful, ie., "it just grew that way", or "it's cheaper", etc., so please feel free to write in the margins!

1. Does your organization maintain a bibliography of publications authored by your faculty and staff?

_____ Yes _____ No If yes, by whom?

_____ The library

_____ A secretary or word processor

_____ Research department personnel

_____ Other: _____

2. a. When a researcher publishes (in journals or books as opposed to technical reports), is the publication registered with or reviewed by the University/parent agency?

_____ Yes _____ No (If no, skip to question 4.)

- b. If yes, is registration or review mandatory?

_____ Yes _____ No

3. Are researchers generally cooperative with the registration/review process?

_____ Yes _____ No

4. Are local research publications:

_____ Kept in a vertical file or pam box?

_____ Comprehensively maintained?

_____ Indexed in some way? If so, how:

5. a. Does the University/parent agency require the organization to retain a copy of the final report for each research project?

_____ Yes _____ No

b. If yes, which unit keeps a copy of the final reports?

6. Please describe factors that make bibliographic control of internal publications difficult:

7. Do you have any suggestions for avoiding problems with bibliographic control of internal publications?

Thank you for your assistance. Please fold and staple with the address out and mail. Questions about the survey may be addressed to Norm Howden at (504) 388-8266/8265.

Organization: _____

Name: _____
(these lines are optional)

Norman Howden
Coastal Information Repository
Center for Wetlands Resources
Baton Rouge, LA 70803-0301

*** FROM THE EDITOR ***

Deadline for the next newsletter is June 15. Please send all information to me that you want included in the newsletter, or send via ONTYME II electronic mail - HARBORBRANCH. Our current plan is to have a midsummer newsletter where we will report on the executive board's spring conference call. Another newsletter will be mailed in mid September which will include all last minute conference information. These plans are tentative, hinging on how much news I receive.

If you are a member of an electronic mail network, please let me know. I would like to publish a list of members and their ID codes in the next newsletter.

*** DIRECTORY CHANGES ***

The following personnel changes should be noted in your 'Directory of Marine Science Libraries and Information Centers:

Entry 16:
Sylvia J. Churgin

Entry 59:
Katharine R. Wallace, Supervisory Librarian
Ann Loomis, Librarian
Diane Sellier, Library Technician
Jolene Lennon, Library Technician

Entry 125:
Ann Juneau, Bureau Librarian

Many additions to the directory are included with this newsletter. They are in alphabetical order by country. United States entries are in order by state.

 45 Alderney Drive
 Dartmouth, Nova Scotia
 CANADA
 Telephone: (902) 426-7219/7232
 Telex: 01921565

Dawn Taylor-Prime,
 Librarian

Open: 8:00 a.m. - 4:30 p.m., Mon. - Fri.

Users Policy: Open to the public. Borrowing only through interlibrary loan with one's own library.

Services: Photocopying, ILL, Reference. Current year journals and reference material not loaned. Online search service: CAN/OLE, DIALOG, IL, DORIS (ELIAS) Restricted to staff members only. Bibliographies and editorial assistance available to staff members.

Description of Collection: Monographs, journals, government documents and NTIS fiche with emphasis on environmental studies, but also includes limited collections in related fields. We are particularly interested in marine environment (especially as related to offshore oil), acid rain, toxic chemicals, hazardous materials management and transportation, pesticides, industrial water/air pollution and environmental impact studies. Library serves the Environmental Protection Service, Inland Waters Directorate, Lands Directorate and the Office of the Regional Director General.

Consortium/Network Memberships: ELIAS-DORIS, Nova Scotia On-line Consortium.

Publications: Annual serials list, library newsletter (very irregular).

Additional Comments: We provide as much assistance as possible to consulting firms, environmental groups and university students as time permits.

Open: 7:30 a.m. - 3:00 p.m.

Users Policy: Open to the public.

Services: Photocopying, ILL and reference, bibliographies

Description of Collection: Not primarily a marine science library. As of May 30, 1984: 3,000 titles, 47 journals in the areas of physical planning, housing and environmental protection (air, water, soil) including policy and legislation. Depository of documents and technical reports generated by United Nations agencies (UNEP, WHO) OECD, EEC, etc., in the areas mentioned above. Supports the activity of Med Pol and other programs on UNEP's Mediterranean Action Plan.

Consortium/Network Memberships: Related activities: Headquarters for Center for Unusual Ecological Phenomena. Med-Terra: Center for Environmental Information in the Mediterranean.

Publications: Library Bulletin, published bimonthly.

Additional Comments: The library is a new (one year) and developing facility. It supports research in the Ministry's central as well as regional departments in the areas of physical planning, housing and environmental protection.

Open: 8:00 a.m. - 4:00 p.m., Mon. - Fri.

Users Policy: Open to the public. Reference on special arrangement only with restricted borrowing.

Services: Photocopying and access to photocopying services of FAO, Rome.

Reference (questions may also be telephoned or mailed). Bibliographies on demand, news clippings, photograph and slide files. Online search service:

As a field programme of FAO, can use computerised literature search service of the HQ in Rome. Use restricted to staff.

Description of Collection: A little over 4,000 documents - reports of FAO and its field programmes, reprints, conference papers, government reports (printed/typed manuscripts), monographs; 82 journals (24 by subscription, 58 free/exchange); approximately 13,600 photographs (455 wallets of 35mm negatives); approximately 7,500 color slides; 7 slide/cassette sets on activities of BOBP, hydrographic charts and topographic maps of the region. Subjects: Primarily marine small-scale (artisanal) fisheries of the Bay of Bengal region, aquaculture, aquatic plants, fishing gear/methods, fishing craft, fish utilization, fishery resources, fishery education/training, extension, and related areas in fisheries and studies on Indian Ocean and Indo-Pacific region. Documents on general development work: Integrated rural development, development communication, development economics, women and development. Non-formal education also covered.

Publications; Bay of Bengal News (quarterly newsletter), BOBP working papers, BOBP reports.

Comments: The Bay of Bengal Programme (BOBP) executed by the Food and Agriculture Organization of the United Nations (FAO) consists of two projects; a small-scale fisheries project funded by the Swedish International Development Authority (SIDA) and a fishery resources project funded by the United Nations Development Programme (UNDP). The small-scale fisheries project, "Development of Small-Scale Fisheries in the Bay of Bengal", is based in Madras. It covers five countries: Bangladesh, India, Malaysia, Sri Lanka and Thailand. The resources project, "Marine Fishery Resources Management in the Bay of Bengal" is based in Colombo and covers Indonesia, Maldives and the five Bay of Bengal nations.

Li Shi-jie
Director of the Library
Chang Pu-su, Librarian

Cable address: 5060

Services: Photocopying, reference, ILL, microfiche enlarging, microfilm copying. Online search services: DIALOG, ORBIT.

Description of Collection: 54,000 volumes including monographs, proceedings, data publications, etc., 16,000 technical reports, 2,000 serial titles, 20,000 maps and charts, 2,000 satellite pictures of Chinese inshore and offshore areas, 40 marine scientific and technological films and various bibliographic books, microfilms, microfiches and magnetic tape materials. The library serves as UNESCO's Intergovernmental Oceanographic Commission depository center for publications and documents.

Consortium/Network Memberships: Connected by satellite to ITALCABLE Exchange Center and ESA-IRS data bases (ability to search through EURONET, U.S. TYMNET and TELENET).

Publications: Compiled Chinese Thesaurus, Marine Technology Almanac, and English-Chinese Dictionary of Oceanography. Publishes Oceanic Abstracts (entries from 660 periodicals - 74 of which are Chinese) and Fisheries Abstracts. Compiles Library Accessions List and Union Catalog of Periodicals (irregularly), Dictionary of Marine Organizations and Research Ships, Translated Terms of Abbreviations Commonly Used in Oceanography. Compiled and published numerous marine hydrological atlases, charts, tidal tables, etc.

Additional Comments: As the National Oceanographic Data Center, the Institute acquires extensive marine data from home and foreign sources, and has the most complete collection of marine data in China.

Kathy Carr, Assistant Librarian
& Friday Harbor Librarian
Peggy Armstrong,
Circulation Technician
Sharon Evans,
Monographs Technician
Wayne Gloege,
Serials Technician

Telephone: (206) 543-4279

Open: Fall, Winter & Spring Quarters - 8:00 a.m. - 9:00 p.m., Mon. - Thurs.;
8:00 a.m. - 5:00 p.m., Fri.; 1:00 p.m. - 5:00 p.m. Sun.
Interims & Summer Quarter - 8:00 a.m. - 5:00 p.m., Mon. - Fri.

Users Policy: Open to the public. The general public is welcome to use material in the library, but may not borrow material. Certain classes of users may be eligible for borrowing privileges. For information, contact the library.

Services: Extensive library service, including photocopying, reference services and ILL, available to off-campus borrowers through Resource Sharing Program, Suzzallo Library, FM-25, University of Washington. Online search service: DIALOG, SDC, BRS, DOE-RECON

Description of Collection: The collection is an aquatic science collection; part of the material collected pertains to fresh water or estuarine environments. The School of Oceanography and the School of Fisheries are the two largest elements of the College of Ocean and Fishery Sciences and current research and teaching done by the two schools are the major factor governing collection development. Special emphasis is given to food science and technology (serving the School of Fisheries' Institute of Food Science and Technology) and to marine and maritime policy (serving the College of Ocean and Fishery Sciences Institute of Marine Studies). Secondary library services provided to University of Washington's Applied Physics Lab and Washington Sea Grant Program. Questions concerning The library at Friday Harbor Laboratories should be directed to the Fisheries-Oceanography Library.

Consortium/Network Memberships: OCLC, WLN.

Additional Comments: The Fisheries-Oceanography Library is an integral part of the University of Washington Libraries' system. Material relevant to disciplines served may be located in other units of the system (i.e. Natural Sciences Library, Health Sciences Library, Engineering Library, Forest Resources Library or Government Publications Division). Questions welcome and library staff will provide appropriate reference or referral services.

OREGON

University of Oregon
School of Law
Ocean and Coastal Law Center Library
Eugene, OR 97403

Andrea G. Coffman
Librarian

Telephone: (503) 686-3845
